Legend

- **BOLD** indicates course must be taken in this term
- Underline indicates course must be taken in sequence
- Regular type indicates flexibility when course is taken
- An asterisk (*) indicates that a prerequisite exists for the course

NOTES:

1. Students who place into 101 or 102 will follow the sequence until they complete 210/220.
2. French 210 and 220 are half semester courses and both should be taken during the spring semester .
3. Study Abroad in a French speaking country will often entail completion of 3-4 courses which will count toward the French major. Though we strongly recommend study abroad in spring of junior year, flexibility allows for a number of options for the semester students can study abroad.
4. Students who don't go abroad will always have to take an independent study or internship to complete the major.
