**SOAN 420**

Prior to graduation, students must take:

- A BMWA course
- A lab science course

Note:

There is some flexibility in this plan, with the following exceptions: Must be junior or senior to take SOAN 310; MATH 106 must be taken before SOAN 302; must take PSYC courses in sequence, as 101 is a prerequisite for the 200 level courses, and a 200 level course is a prerequisite for 355.

Courses with an asterisk (\*) have prerequisites
